The Journey

Y2BELIEVE APOLOGETICS RETREAT

VISION

The Forge Retreat is a Y2Believe Christian apologetics camp designed for middle and high school students, equipping them to be leaders, missionaries, and evangelists among their peers and in their schools. Set in a lively camp environment, this retreat fosters a dynamic space where students can confidently articulate, share, and defend their faith. Through engaging discussions, interactive activities, and mentorship from knowledgeable college-age leaders, students will tackle tough questions, build lasting friendships, and grow in their relationship with Jesus—all while enjoying the energy of an immersive camp experience.

OVERVIEW

The Forge Retreat offers a fully immersive camp experience, covering everything from lodging and meals to engaging sessions, worship, breakout discussions, games, and more.

Throughout the weekend, we'll explore key topics such as the deity of Christ, the Resurrection, the reliability of Scripture, New Age spiritualism, pluralism, and the relationship between science and faith.

Through interactive breakouts and team activities, students will tackle common objections to Christianity, while games and exercises foster fun, critical thinking, and a sense of community.

DETAILS

\$160 per person (including leaders)

The Forge Retreat includes: 2 nights of lodging, 5 meals, camp t-shirt, y2believe resources and speakers, and a fully planned weekend camp experience

OUTCOME

The engaging sessions, activities, and resources this weekend retreat provides are designed to ignite a deep enthusiasm in students, motivating them to engage those around them with the transformative power of The Gospel. Our goal is to create an unforgettable experience that fuels their passion and equips them to engage their faith with confidence and purpose.
