

Y2BELIEVE

EQUIPPING STUDENTS TO EQUIP STUDENTS

75% OF CHRISTIAN YOUTH ABANDON THEIR FAITH AFTER HIGH SCHOOL.

Y2Believe is mounting a full-scale effort to reverse these alarming trends by addressing issues as they arise in Middle and High School.

We do this by engaging students with compelling evidence from history, philosophy, and science that support the truth of Christianity while giving them an opportunity to respond to the Gospel.

PUBLIC APOLOGETICS

We go out into the community and to secular university campuses to engage the public and students by winsomely engaging them in big questions and contending for the truth of The Gospel.

PUBLIC MIDDLE & HIGH SCHOOL GROUPS

We partner with existing Christian ministries on public school campuses, bringing lively discussions on topics of significant interest to students. Over 4 weeks, these fundamental apologetics topics are addressed:

WHAT IS TRUTH? ARE THERE MORAL ABSOLUTES? DOES GOD EXIST? IS THE BIBLE TRUSTWORTHY? WHY IS THERE SO MUCH EVIL IN THE WORLD?

CONVERSATIONS OF CONSEQUENCE

Intentional conversations surrounding big questions helps us to engage our families, friends, and acquaintances in conversations about the most meaningful aspect of life. Christianity is true and has the best answers to these big questions in life, and evidence supports it. The Bible boldly rejects blind faith,

“FAITH SHOWS THE REALITY OF WHAT WE HOPE FOR; IT IS THE EVIDENCE OF THINGS WE CANNOT SEE” HEB. 11:1

Because of this, we have developed a series of free videos that will help you grasp evidence to confirm your personal convictions and demonstrate how to discuss that evidence with anyone.

APOLOGETICS CAMPS

Our apologetics camps for middle and high school students is designed to prepare the next generation of leaders to become evangelists among their peers and in their schools. Hosted by Y2B or individual local churches, our camp experiences offers a comprehensive package with minimal costs to the host organization or students. Through interactive small group activities, students will tackle common objections to Christianity, while games and exercises foster critical thinking. The engaging sessions, activities, and resources this weekend experience provides are designed to ignite a deep enthusiasm in students, motivating them to engage those around them with the transformative power of the Gospel.

Y2B COLLEGE INTERNSHIP

We have partnered with Christian university apologetics programs to create an internship giving the best and brightest students real life apologetics experience leading discussions with their younger peers in public schools, youth groups, college campuses, and local community engagement. Our goal is to prepare college students to be prime movers in the culture for the sake of the Gospel.

Y2B

Our mission is to change a generation for Christ!

ABOUT US

Y2Believe's mission is to spread the Gospel by demonstrating that sound reason and scientific discoveries consistently support the truth of the Christian faith in the personal, transcendent God revealed in both Scripture and nature.

We utilize vast evidence supporting the Christian faith to train students as evangelists. These students, in turn, mentor others to do the same, ultimately transforming a generation for the sake of the Kingdom.
